GitHub: <https://github.com/shrutis2707>

Objectives:

Seeking a responsible position in the field of Computer Science where I can apply my knowledge of programming, data analysis, and web development to solve real-world problems, while continuously enhancing my technical skills and contributing to the growth and success of the organization.

Education:

MSc. Computer Science (Pursuing) – Nowrosjee Wadia College, Pune | Current

BSc. Computer Science- Modern Arts, Commerce and Science College (SPPU),

Shivajinagar | 2025 | CGPA: 8.23

12th, Amrita Vidyalayam and Junior College, Nigdi | 2022 | 53.83%

10th, Priyadrashani English Medium School, Bhosari | 2020 | 85 %

Technical Skills:

Programming Languages - C, Java, C++, Php, Python, SQL, Javascript

Web Technologies – HTML5, CSS3, javascript, React

Framework - Bootstrap, Django, Express.js

Databases - MySQL, PostgreSQL, NoSQL (MongoDB)

Tools - Visual Studio Code

Operating System - Windows, Linux

Internship:

1) WEB PROGRAMMING
CODSOFT: 1 MONTH

2) JAVA DEVELOPMENT
OASIS INFOBYTE : 1 MONTH

Projects:

- **Smart Jar System-** This IoT-based system monitors and measures the weight of stored items in real time using sensor-based hardware integrated with a software application. It helps in efficient stock tracking and inventory management.

Technologies Used: HTML, CSS, Java, Python **Database:** PostgreSQL

Hardware: Load Cell (Weight Sensor), HX711 Module, Raspberry Pi

- **Internship and Project/Research Submission Portal –** Developed a web-based portal for students to digitally upload internship and final-year project reports. The system allows faculty to review submissions, provide feedback and marks, while the admin manages users and assigns faculty reviewers.

Technologies Used: HTML, CSS, Bootstrap, Node.js, Express.js **Database:** MongoDB

Declaration:

I hereby declare that the information provided above is true and correct to the best of my knowledge.
